NEW YEARLONG INTERNS BEGINNING THE YLI SEMESTER IN SPRING 2021 AND STUDENT TEACHING IN FALL 2021 or SPRING 2022

Semester Schedule: During the semester, you will be actively involved in the classroom one day each week for the semester. You will schedule all school visits in collaboration with your clinical educator.

Mandatory Orientation: You are required to attend the mandatory yearlong internship orientation session. A separate session will be planned for your clinical educators. The yearlong internship orientation will be virtual and will be held on the following date(s) and times:

- Monday, January 11, 2021
  - 3:00 – 4:00 pm Location (Zoom) All candidates placed by OSCP
  - 4:30 – 5:30 pm Location (Zoom) All candidates in their own classroom

Handbook: The UNC Charlotte Student Teaching Handbook is available on the OSCP website, https://osacp.uncc.edu/students/student-handbook. Many questions about the yearlong internship are addressed in the Handbook, so be sure to read it before orientation.

Background Check and Health Certificate: Several school systems require a criminal background check and health certificate as a condition of the internship and student teaching, this includes a TB Test. If this requirement applies to you, you may be contacted by the school system regarding mandatory sessions and activities. Some school districts also require that candidates purchase liability insurance. Check with your school system to determine the requirements.

A copy of the health certificate is available on the Office of School & Community Partnerships homepage under Resources and Policies/Procedures, and the Student Health Center provides free physical exams and tuberculosis tests at a nominal fee. It is recommended that you schedule your TB test during break to avoid long lines after the semester starts. You can determine if you need a health certificate by checking the school system website for information.

You have an exciting and rewarding experience ahead of you as you make the transition from student to teacher. The faculty at UNC Charlotte and the educators in your assigned schools are committed to providing you with a meaningful internship experience.

YOUR SPECIFIC STUDENT TEACHING PLACEMENT INFORMATION IS BELOW:

You will find your confirmed student teaching placement at the link below. In most cases, this placement will not change. If any of the placement information is listed TBA (to be arranged), you will be notified via your UNC Charlotte email account when the Office of School and Community Partnerships receives the information. If a school name is listed but no clinical educator, please DO NOT contact the school to inquire about your teacher. The Office of School & Community Partnerships will send you an email when the teacher has been assigned. It is important that you contact your clinical educator right away by email to introduce yourself. Email addresses are available through the school website.

Students should begin in their YLI placement on or before the week of January 18, 2021.
