OBSERVATION FEEDBACK FORM (OFF)

This narrative assessment is intended to provide specific feedback to candidates regarding instructional practices. In box A, take general observation notes of the candidate relating to his/her instructional practices. In box B, list specific strengths that were observed in the lesson. In box C, list specific areas for improvement that need concentrated effort. In box D, target three to four of the most important areas for focus before the next observation.

Date: _______________     Student: __________________________________________________ Observer: ____________________________________________
Total Absences for the Semester: ___________________     Total Tardies for the Semester: ___________________
Lesson Taught: ________________________________

A: General Observation Notes

B: Specific Strengths to Highlight

C: Specific Areas for Improvement

D: 3-4 Suggestions for Addressing Areas for Improvement
